NEW JERSEY
DEPARTMENT OF BANKING AND INSURANCE
NOTICE OF VACANCY
STATEWIDE

Posting No.: BIA-2017-022  Date: March 24, 2017
Title: Information Technology Specialist  Unit: Administration – IMS
Salary: $51,529.95 - $72,953.46  Number of Positions: 1

DEFINITION
Duties include but are not limited to working under supervision as part of a team in a state department in various areas of computers systems, network infrastructure, and automated systems. Specifically, install and configure desktop and laptop computers using MS Windows 7 Professional, MS Office 2010, Symantec anti-virus, Microsoft disk imaging software, Microsoft deployment software, and other department software as needed. Duties will include the lifting and deployment of computers, printers, and other devices as needed by Department staff. Duties also include installing, configuring and maintaining the Department’s server environment using Microsoft Windows Server 2008 and 2012. Work with networking equipment, including CISCO switches, Ethernet cables, and networking cards. Knowledge of LANS, Windows Active Directory and domain environments is preferred, as is knowledge of computer hardware as indicated by the A+ or a Networking certification.

SPECIFIC TO THE POSITION: An Information Technology Specialist works as part of a team under the supervision of a Lead Developer or Project Manager in a state department, developing business systems by creating new applications and modifying existing applications. Specific duties include, but are not limited to, the designing, coding, testing, debugging, and documenting of Oracle-related applications. The Information Technology Specialist should be able to identify production and non-production issues, train and assist users and work effectively as part of a team of developers.

Expertise in JDeveloper with ADF for Oracle 11g or Oracle 12c WebLogic server to assist in the design and development of various application systems for the Department of Banking and Insurance, under the direction of the DOBI IMS Staff.

REQUIREMENTS

EDUCATION: Graduation from an accredited college or university with an Associate's degree in Computer Science or Computer/Information Technology.

EXPERIENCE: One (1) year of experience in at least one of the following areas: the design and preparation of programs for electronic data processing utilizing current operating systems or the development, maintenance, or installation of application programs; or in performing technical support functions within a direct access device environment, or the development, implementation, and maintenance of multi-network, multi-user Local Area Networks (LAN), Metropolitan Area Networks (MAN), and/or Wide Area Networks (WAN) environment.

SPECIFIC TO THE POSITION:
- 4 years of JAVA development experience preferred
- Ability to create and maintain efficient and user-friendly applications using Oracle JDeveloper with ADF for Oracle 11g or Oracle 12c
- Proficiency in the use of JAVA language and the creation of associated runtime code files
- Proficiency in the use of Oracle SQL Developer for Oracle 11g or Oracle 12c is essential
- Ability to efficiently code/test Oracle stored procedures
- Ability to efficiently code database queries using the SQL language for Oracle 11g
- Ability to use Oracle JDeveloper with ADF for Oracle 11g or Oracle 12c to develop and maintain efficient and user-friendly applications that run on a WebLogic server
- Ability to use and understand modern Object Oriented development practices
- Familiarity with Version Control is essential
**NOTE:** Technical support functions include experience in resolution of online production and/or communications network problems, and/or code modification, testing, and debugging of program modules in an online environment, and/or space allocation and control of direct access storage devices (DASD management).

**NOTE:** A Bachelor's or Master's degree in Computer Science may be substituted for one (1) year of indicated experience.

**NOTE:** A general Bachelor's degree from an accredited college or university may be substituted for the Associate's degree.

**NOTE:** In accordance with the *New Jersey First Act*, P.L. 2011 c70, effective September 1, 2011, new public employees are required to obtain New Jersey residency within one (1) year of employment.

**LICENSE:** Appointees will be required to possess a driver's license valid in New Jersey only if the operation of a vehicle, rather than employee mobility, is necessary to perform the essential duties of the position.

Interested applicants should submit a letter of interest, resume, and college transcripts and by April 6, 2017 to: [Human.Resources@dobi.nj.gov](mailto:Human.Resources@dobi.nj.gov). Transcripts MUST be included to be considered for position.
